

# Martial BELLEC

Adjunct Lecturer

---

## Présentation

Martial is an agile coach in complex projects and president of MBCS, a company that helps people understand and adopt business agility values, principles and methods. After 30 years of operational implementation of innovation projects and multi-million euro IT and telecom customer projects, his passion for project, program and portfolio management in all its forms (agile, waterfall, hybrid) allows him to coach and train project teams from 5 to 400 contributors, to share his experience with passion and professionalism with practitioners and also students. He received the Agility Award 2018 from the telecom operator Orange. Martial is a PMI expert of the Standard for Program Management, 4th edition and the PMBOK Guide 7th Edition. Former Vice President of PMI France, he has achieved PMP®, PgMP® and PMI-ACP® certifications, is a certified SAFe® Program Consultant and C2MPC, from the European School of Contract Management. He is a graduate engineer from the Institut Mines Télécoms, France, and certified by the Collège de l'Ecole Polytechnique, X, France.
